CHELI, CLAY ART

I found the workshop to be very informative. The workshop provided us with specific hands-on skills. It is encouraging to know that these were techniques that can be used that are understandable. The workshop was much fun and interactive as well.

Fatima Thasly K 

The clay workshop was well-organized and engaging. There was ample time for hands-on practice. The class was structured well, with a good balance of demonstration and practice.

Alsaifa Shafeeqe

The clay workshop organized was really good and was helpful for the students who found a great interest in it. There were sufficient time for the practice. Every process was well explained.

SKETCHING WORKSHOP

BY AR. JAYAKRISHNAN K.B

The workshop was a great experience for both beginners and experienced artists. The instructor was highly knowledgeable and demonstrated various techniques and skills of sketching. The batch was taken to ~~A~~ as a point & cafe. We were asked to sketch lively. The instructor guided each student of the batch correcting their mistakes.

It was also an honour to be instructed by him.

Angelina Mary 

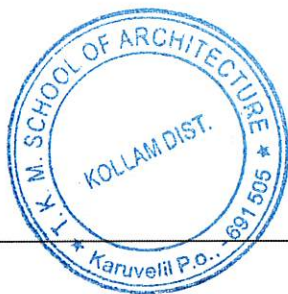

The sketching techniques and concepts covered were valuable. I was able to improve my sketching skills throughout this workshop. The workshop encouraged creativity and exploration of diff styles. I feel more confident in my sketching abilities after attending this workshop.

Aiswarya Ajith - 

AR Jayakrishnan K.B. is one of the pleasant & independent person I have seen for the first time. The sketching session done by him enlightened our vision on perspective drawings. The session enabled our sketching ability more discoverable.

Clay Workshop

The clay workshop was a fantastic experience, it was hands-on and allowed us to get creative with different techniques. I learned a lot about sculpting and shaping.

CA Bussy Maria

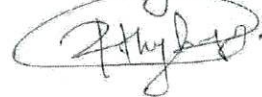

I really enjoyed the workshop. The instructor explained each step clearly and it was able to follow along easily, even as a beginner. I would love to attend more sessions like this.

Maha Bindhu

The workshop was a great break from regular classes. It felt like a creative outlet and I loved that we could just relax and make something with our hands. The instructor was really supportive too.

Drama Workshop

The ~~exercise~~ exercise were well-structured and effectively demonstrated key dramatic techniques, making them easy to understand and apply.

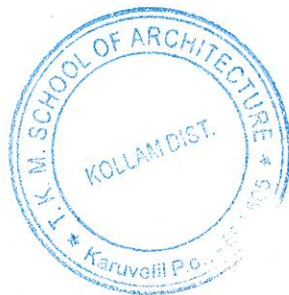

The instructor provide clear guidance and constructive feedback which helped participants improve their skills in a supportive setting.

Interactive session. It gave everyone the chance to express themselves and the group exercises helped build confidence. I also feel that more time for individual feedback would be beneficial.

Drama Workshop - Feedback

It was a great experience. The workshop was very engaging

Ivana

The interactive session during the drama workshop helped me to improve my relationship with my classmates

Ashna A.

It was the most engaging workshop I've ever attended in my college years. It was very fun as well as meaningful. loved it !!

HAFSA N

I've always been interested in drama and the art of acting. This workshop helped to get in touch with my classmates for the first time. Never been this happy to attend a workshop

SKETCHUP WORKSHOP

It was an enlightening class. The instructor explained the concept really well. The pace of the class was appropriate for your skill level. The covered topics were relevant and useful. The slides were helpful. The class boosted confidence to use sketchup professionally. And the class met the expectations. Also the class was engaging.

Hiba
Hiba

The sketchup software workshop was a two day class it was very beneficial as it helps out to handle softwares now and later on. Understanding softwares is very vital for further 3D model developing and designing process. sketchup made our skills to improve and easiest.

Anandhu
Anandhu

Overall, the workshop was informative and well conducted. The duration was appropriate for the content covered, and it left me feeling more confident in using sketchup for my projects. Consider extending the duration of the workshop to allow for more in depth coverage of advanced topics. provide more time for participants to participate individually during the workshop.

Clay art workshop - Feedback

The session was a well-structured having a good balance between instructions & hands-on practice. Getting a better material understanding, helped in improving our skills. The workshop not only enhanced my clay modelling skills but also inspired creativity and provided a relaxing & productive experience. I look forward to participating in future sessions. ~~and would~~

Teena T. Theppan

This clay art workshop was a different and a great experience. I always loved creating models with clay, this workshop with the assistance to Prasanth sir, helped me to understand the basis and the important elements while making a model with clay.

Bhruvika Sara

It was very different than what I expected. My introduction to clay and sculpturing has a great start. I loved working with it. Very good guidance.

Sketching Workshop

As someone who's just starting out with sketching, I found the workshop very beginner-friendly. The instructor was patient and gave useful tips on how to refine my technique.

Athulya Lakshmi P.P

I liked how the workshop covered both basic and more advanced sketching techniques. It was fun and informative, and I left feeling much confident in my abilities.

Biny Maria

I really enjoyed the sketching workshop! The hand-on practice helped me develop my shading and perspective skills and the tips on proportions were super helpful.

Model Making Workshop

I got to experiment with different materials and tools and I learned some useful techniques for making scale models, The whole process was very engaging

Athulya Lateshmi P.P

The model-making workshop was really informative & hands-on. I learned a lot about construction. ~~I learned a lot of~~ and techniques that I haven't used before, which will definitely help in future projects

CA Blessy Maria

"I really enjoyed the workshop I was a great mix of creativity and technical skill. The instructor gave clear instructions & the model we made turned out better than I expected"
