**Subject: Permission for Rhino Workshop**

Dear Sir,

I am writing to seek permission to conduct a workshop on Rhino Software for the S6 batch of architecture students. This course will be conducted by Ar. John Sajan an esteemed faculty member with extensive expertise in Rhino Software.

**Course Details:**

- **Course Title:** Rhino Workshop
- **Instructor:** Ar. John Sajan, Graha Architecture
- **Target Audience:** S6 Batch Architecture Students
- **Duration:** 2 Days

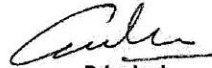

We believe that this workshop will significantly benefit our architecture students by broadening their skill set and fostering a deeper appreciation in architectural design. We kindly request your approval to proceed with organising this course.

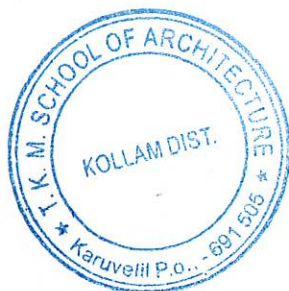

So kindly permit us to conduct the above workshop

Sincerely,

Ar.Vidya Kamath

Rhino - Feedback

~~It~~ to Vishnu Bhaski - It was really good, it was well explained  
suggestion - to get Recordings of the same.

It was a very small class but still  
was good.

Binita Sara B

It was a good session as an introduction to  
Rhino software.

Muhammed Suresh A.R.  

It was good and informative session

Pranav P.

**Subject: Permission for Revit Workshop**

Dear Sir,

I am writing to seek permission to conduct a Revit Workshop on 10-10-2023. This workshop will be conducted by Francois Mercer and Jonathan Patterson.

**Course Details:**

- **Title :** Revit Workshop
- **Instructor:** Francois Mercer and Jonathan Patterson.
- **Target Audience:** 2nd and 3rd Year
- **Duration:** 1 Day

We believe that a Revit Workshop led by a professional with esteemed background and experience would greatly benefit our students.

So kindly permit us to conduct the above workshop.

Sincerely,

Er.Rintu Thomas

Revit - Feedback

Vishnu Bhaskar - It was really helpful and lots of concepts was well explained. one suggestion would be to provide recordings of the same.

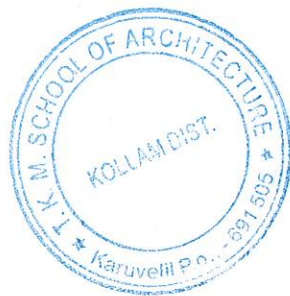

It was a great opportunity to study Revit and introduced to it. Very Helpful

Gowri-B  

Within a short period of time touched almost every part of the software.

Muhammed Sajid AR

# AUTOCAD WORKSHOP

## ABOUT:

Designed to introduce participants to the fundamental techniques of 3D modelling with Revit. Through hands-on practice, they will explore the Revit interface, develop essential skills in creating architectural forms, and understand the significance of accurate and detailed modelling in architectural design. This emphasizes both technical proficiency and creative exploration, enabling students to translate their architectural ideas into comprehensive and realistic 3D models. Participants will also learn documentation and presentation techniques to professionally showcase their work.
